

2026 Exhibitors Editorial

Notman Pasture Seeds

1

Nestled in the rolling hills of Poowong, Notman Pasture Seeds has grown to become a trusted source for practical pasture and forage crop solutions in Gippsland. We are dedicated to prompt

service, custom mixes and a range of products from Cropmark, DLF Seeds, Barenbrug and Pioneer Seeds to name a few.

Rabobank

2

Rabobank Australia - the bank born and raised for farming

Rabobank Australia is a part of the global Rabobank Group and is one of Australasia's leading agricultural lenders and a significant provider of business and corporate banking and financial services to the region's food and agribusiness

sector and has 61 branches throughout Australia. With 125 years of global agricultural history, Rabobank has a unique understanding of the industry and the importance of taking a longer-term view. That's why, season after season, year after year, we'll be here to help you grow.

www.rabobank.com.au

Saputo Dairy Australia

3

Saputo Dairy Australia produces, markets and distributes a wide range of high-quality dairy and non-dairy products for the domestic and international markets including cheese, dairy alternative cheese, fluid milk, extended shelf-life milk and cream products, cultured products and dairy ingredients. Saputo is a leading dairy processor in Australia and is part of Saputo Inc., one of the top ten dairy processors in the world. Saputo Dairy

Australia products are sold in several countries under well-known brand names such as Caboolture, CHEER™, Cracker Barrel*, Devondale, Great Ocean Road, Liddells, Mersey Valley, MG Ingredients, Mil LeI, Sheese, South Cape, Sungold and Tasmanian Heritage.

Visit us online: www.saputodairyaustralia.com.au

*Cracker Barrel is a registered trademark of Lactalis Heritage Dairy used under licence

GEA Farm Technologies Australia Pty Ltd

4

Visit GEA at the South Gippsland Dairy & Farming Expo and connect with our trusted local dealers - Gippsland Dairy Professionals, Westfalia Warragul and Future Dairies Gippsland. Together, we support Gippsland dairy farmers with practical technology, reliable service, and local expertise across the full dairy operation.

See GEA solutions in action, including:

- DairyRobot R9500 automatic milking system
- Rotary milking system

- Automatic calf feeder
- Feed pusher
- Digital herd management tools
- Manure handling equipment

With more than 600 local farms supported across Gippsland, our team is here to help farmers improve efficiency, animal welfare and productivity.

More details at www.GEA.com/dairyfarming or call us on 03 8877 9999.

Brown's Fertilisers

5

Brown's Fertilisers based at Leongatha, Koo Wee Rup, Tinamba & Merton have a wide range of fertiliser and liming products designed to meet the specific nutrition requirements of your crops and dairy

pastures. Stop by site 5 and talk to the Brown's Fertilisers agronomists about how they can help you to achieve productive pastures, stronger crops through healthier soils.

Apiam Animal Health - ProDairy

6

ProDairy is an overall Animal health program, designed and delivered by Dairy vets, providing support, advice and training for all facets of animal health on the Dairy Farm.

We assist in identifying and addressing farm specific focus areas, resulting in the highest possible animal welfare, and profitability for the farmer.

Mueller

7

Westfalia Warragul is a trusted dairy equipment supplier, servicing the Gippsland region for over 28 years. Based in Yarragon, our dedicated team are the experts when it comes to all types of dairy

work. From a basic dairy upgrade to a full Robotic milking system, we have the expertise to get the job done. We are also the Australian distributors for Mueller Milk Tanks.

MilkBar

8

Milk Bar™ specialises in the design of teats that control milk flow and protect calves from the effects of fast feeding. Controlling milk flow and activating saliva production has key benefits:

- 1 Boosted Immunity. Saliva contains lactoferrin and lactoperoxidase, enzymes with antioxidant and antimicrobial properties.
- 2 Reduced nutritional scours. Calves absorb more lactose in the abomasum to protect the hind gut from undigested sugars.

3 Increased weights. Increased lactose and nutrient absorption improve daily gains.

4 Reduced cross suckling. The natural drinking speed satisfies the suckling instinct. Calves are content after feeding.

Find out more at www.milkbar.net.au or email hello@milkbar.net.au

Evans Petroleum-BP, Fuels/Castrol, Lubricants/Ad Blue 9

Evans Petroleum is the locally owned and operated authorized BP Fuels and Castrol Lubricant Distributor for Gippsland with 15 retail outlets and a wholesale delivery service to farming and commercial customers in the region. Established in 1970, Evans Petroleum has grown significantly with a focus on providing quality products, service

and reliability, coupled with competitive pricing. Employing some 200 staff, Evans Petroleum is dedicated to supporting Gippsland's economy and reinvesting in our local community.

For more information, please visit www.evanspetroleum.com.au

Dairy Pumping Systems

10

with access to major processors, exporters & feedlotters. Our livestock agents operate & support clients all throughout Gippsland & the Peninsula & coupled with the wider Nutrien network including Wool, Finance, Real Estate & Insurance Services

Halter

19

Halter is the leading digital operating system for pasture-based farming. Its smart collar and app let farmers virtually fence, guide and monitor their herd with real-

time insights, 24/7. Halter serves 2,000+ farmers across New Zealand, Australia and the United States, with over 1 million collars sold worldwide.

Jantec Systems

20

Jantec Systems is the leading supplier of electronic herd identification systems for rotary and herringbone dairies. It's easy to use herd management software that allows the user to tailor the alerts, the various feeding methods, and allows

for powerful analysis of the data from milk meters, cellcount meters, and other add-on features. The phone app displays animal information and allows for alerts, events, and drafts to be entered, as well as featuring other unique options.

Alltech Lienert

21

Alltech Lienert provides dairy customers with innovative, high-quality products and services from feed formulation to the development of complete nutritional

programs, and biosecurity products – supported by outstanding customer service.

Dairy Shelters Australia

22

The DSA team at site 22 will explain the benefits of these unique systems and show you working examples from over 50 projects completed since 2015. We can arrange estimates and farm visits for your

project upon request. A clear roof, deep litter standoff shelter dairy shelter can change your farm and your life. Drop in to site 22 to find out more.

Laura Fawkner – Face & Body Artist

25

MaxCare

25a

The MaxCare brand proudly leads in infant animal nutrition, crafting specialised infant animal products. Our range includes quality milk replacer plus other complimentary products like electrolytes & whole milk

additives. Scientifically formulated using quality ingredients, the MaxCare range ensures optimum health and nutrition for your animals and is available to purchase throughout Australia and New Zealand.

MSD Animal Health

26

SenseHub® Dairy monitoring systems are changing the face of dairy management one cow at a time. To help make dairy monitoring systems more affordable, SenseHub® Dairy is now available by monthly subscription based on per cow

usage. Clancy said the SenseHub® Dairy monitoring system is a significant productivity tool and is now used on over 400 farms across the country. Come along and visit the team on site 26.

K2Agri

27

K2 Agri delivers smart solutions for progressive dairy farmers. We offer Hanskamp feeding technology, Skelex exoskeletons for support during milking, Labuvette self-cleaning water troughs

and practical nutrition advice. Our goal is to make everyday farming easier, safer, and more profitable — backed by global innovation and local support.

Elders Insurance

28

At Elders Insurance Leongatha, we pride ourselves on continually upholding our core philosophy of “local insurance made easy”. Our highly qualified team offers local knowledge, personalised service. When

insuring with Elders Insurance Leongatha, you will also benefit from in-house claims processing and the ongoing support of our dedicated claims manager.

Pasture.io

29

Founded on an Australian family dairy farm, Pasture.io helps dairy farmers see what’s happening across every paddock, understand their feed position and plan grazing with confidence. With satellite pasture readings and practical planning

tools, farmers can get more from their pasture and make better-informed grazing decisions.

Please visit <https://pasture.io>

National Herd Development

30

Pedigree determines the Future. Without the data to prove it, the future isn’t certain. NHD provides the expertise, products,

and support to deliver practical, data-driven solutions to improve your herds performance, genetics, and profitability.

Redei Services

31

Lower Costs. Secure Power. One Bill.

Energy has become one of the biggest challenges facing modern dairy farms. Rising electricity prices, unreliable networks, increasing outages, poor power quality and the growing demand for automation are placing unprecedented pressure on farm profitability. Surge and Redei have launched a completely new Energy-as-a-Service (EaaS) specifically for Australian dairy farms to solve these problems. We design, fund, install, own,

monitor, and maintain a complete on-farm energy system tailored to your dairy's operations, combining solar, battery storage, smart controls and seamless integration with the existing electricity network. We take full responsibility and support for up to ten years and beyond. The result is lower, more predictable energy costs, improved power reliability, greater resilience, and one simple monthly bill, all without any upfront capital investment.

Australian Probiotic Solutions

32

By choosing Australian Probiotic Solutions probiotics, farmers can support the long-term health of their animals, improve their overall efficiency, and reduce stress for both the animals and themselves.

Our program is an affordable, all-natural alternative to traditional rumen enhancement methods, making it a healthier choice for both the environment and the farmers who work in it.

Ridley Agriproducts

33

What We Do -

Ridley is the leading provider of high-quality dairy, cattle and sheep feed. We know that when it comes to feeding livestock, performance and value for money are critical to your success. Ridley delivers market-leading solutions that

provide the added assurance of supply availability and biosecurity controls. Because of our capacity and expertise, we can design any type of feed, for any type of ruminant, across any stage of life – so we can help you maximise your return on feed.

BJS Insurance

34

BJS Insurance Brokers has been protecting Gippsland families, farms and businesses since 1998. We provide specialist Farm Insurance, including our exclusive Allianz

Dairy Farm Scheme, along with home, landlord and business insurance solutions. Backed by national market access and local expertise, we deliver advice you can trust.

South Gippsland Shire Council - BREAKFAST SPONSOR

Join us for the Breakfast with Dairy Legends. Gather with local farmers, service providers and industry friends for a relaxed breakfast, great conversation and plenty of laughs. Featuring a live auction of some

one-of-a-kind dairy personality caricatures, with proceeds supporting the Gardiner Foundation New Zealand Study Tour. RSVP: dairyexpo@jaydee.net.au. Limited places

South East Organic Fertilizer - UDDER TRUTH SHOWBAG SPONSOR

The company believes its range of fowl manure is a viable alternative to more conventional fertilisers as it contains nutrients which are both organic and inorganic as well as carbon to aid soil structure and microbe and worm production.

The inorganic being immediately available for plant uptake and the organic being available as the organic matter breaks down and is released.

For further information contact the experts on 03 5996 1172.

JB Lee Estate Agents - KARMAI KIDS SPONSOR

Lions Club of Korumburra
